Agreement terms

1 Service Frame & Fairhills Syndicate agrees to provide one breeding service to Frames Metallic Rockstar for the mare named above during the 2026 breeding season, subject to stallion availability, veterinary advice and Darlington Stud requirements.

2 Payment The service fee is $1,650 including GST. Full payment is due when the mare is confirmed in foal at a positive 45-day pregnancy scan. Written veterinary confirmation must be supplied. The service fee is non-refundable once due, subject to the live foal guarantee below.

3 Other costs The mare owner is responsible for all veterinary, collection, processing, freight, handling, insemination, agistment and pregnancy scanning costs. These costs are separate from the service fee and remain payable whether or not the mare conceives.

Live foal guarantee

4 Guarantee A live foal is a foal that stands and nurses unassisted within 24 hours of birth. If the mare loses the pregnancy after the positive 45-day scan, or the foal is not born alive and does not meet this definition, the mare owner is entitled to one free return service to Frames Metallic Rockstar in the following breeding season.

5 Conditions To claim the free return, the mare owner must notify Frame & Fairhills Syndicate within 7 days of the loss or foaling and provide a veterinary certificate confirming the circumstances. The return applies to the same mare unless another mare is approved in writing. It is non-transferable, has no cash value, and covers the service fee only. All veterinary, collection, freight and other costs remain the mare owner's responsibility.

General conditions

6 Mare health and care The mare owner confirms the mare is healthy, suitable for breeding and meets all veterinary and biosecurity requirements. The mare owner authorises reasonable breeding-related veterinary treatment and accepts responsibility for all associated costs and for the mare's care while in their chosen facility's custody.

7 Semen and availability Chilled or frozen semen may be used as arranged with Darlington Stud. Collection and delivery timing cannot be guaranteed. If Frames Metallic Rockstar becomes unavailable before semen is supplied, the Syndicate may cancel the service and refund any service fee paid for an unused service, but is not responsible for third-party costs.

8 Breeding records The service is for the mare named in this contract and cannot be transferred without written approval. Breeding or registration certificates may be withheld until all amounts owing to the Syndicate are paid. The mare owner is responsible for breed society requirements and accurate mare details.

9 Risk and liability Horse breeding involves inherent reproductive, veterinary and handling risks. No guarantee is given as to the foal's sex, colour, conformation, performance or registration eligibility. To the extent permitted by law, the Syndicate is not liable for indirect or consequential loss. Nothing excludes rights that cannot lawfully be excluded under Australian law.

10 Law and agreement This contract and any written special conditions form the entire agreement and are governed by Queensland law. Any change must be agreed in writing by both parties.
